

STAS prorail[®] flat

picture hanging systems

product description **STAS** prorail flat

STAS prorail flat is a unique painting suspension system for ceiling fastening. The STAS prorail flat is an exceptionally sturdy and solid profile which can be almost invisibly concealed in plasterwork, flat decorative framework or a STAS moulding.

application

The STAS prorail flat system is suitable for newly built and existing properties. The rail is easily installed by handy DIY enthusiasts and professional mechanics. STAS prorail flat is fastened to the ceiling. You can use white painted screws for this. The STAS prorail flat can be perfectly plastered into a single or double flat decorative framework. Bonding on to a plaster, wooden or foam decorative frame or wooden ceiling is also possible. Corner connections can be created by mitering the rail.

features

<i>material</i>	aluminium rail
